

# Instruction

Hi Space Explorer!

Get ready to celebrate the amazing journey of humans into space with these fun and friendly coloring pages. Each page shows something special about space—astronauts, rockets, planets, and more!

**Here's what to do:**

- **Pick a page** you like—there are 20 fun designs to choose from!
- **Grab your crayons, markers, or colored pencils.** Use your favorite colors to bring each space scene to life!
- **Color carefully** inside the bold lines. Try using different colors for the stars, planets, and space suits.
- **Share your masterpiece!** Hang it up at home, in the classroom, or give it as a gift to celebrate Human Space Flight Day on **April 12th**.

Every picture is part of the amazing story of space travel—have fun learning and coloring like a real astronaut!
